

500W Solar Power Bank

What is a solar power bank?

A solar power bank is a portable device that can charge small appliances using solar energy. Jackery portable power banks are a popular choice when you're away from electricity, whether for an office trip or a family camping adventure.

What is a portable power bank with solar plug outlet?

This portable power bank with solar plug outlet is suitable for home use to keep your home security system, light and phone charged in emergency blackout. It's a must-have emergency supply. It's also a reliable backup power battery for your office devices such as router, laptop and etc.

How much does a solar power bank weigh?

Weighing 283.5 grams, this 10,000mAh solar power bank is on the lighter side in comparison to similar products, making it a great portable charging option.

What can a 296 watt AC power bank power?

HIGH CAPACITY & PORTABLE POWER STATION? Apowking ac power bank 296Wh (80,000mAh) can power plenty of your devices, such as phone, laptop, tablet, Macbook, light, fan, TV, projector, small blender, car refrigerator, drone, switch, camera and CPAP machine with rated power less than 500 watts. NOTE: 500W is the output power, NOT the battery capacity.

Can I use a 500 watt power station with a battery?

Warm Tips? 500W is the output power, NOT the battery capacity. Please do not use this power station to power devices with rated power more than 500 watts. Do not use the adapter with input voltage over 23V to charge it, which may damage the battery. Please use and recharge this power station at least once every three months.
