

Who is solar systems Hellas?

Solar Systems Hellas is one of the leading companies in the sector of Renewable Energy Sources in Greece. The object of the company is the marketing, storage and promotion of photovoltaic equipment for the construction and installation of Photovoltaic Parks and domestic Photovoltaic installations of any size.

What is a photovoltaic company?

The object of the company is the marketing, storage and promotion of photovoltaic equipment for the construction and installation of Photovoltaic Parks and domestic Photovoltaic installations of any size. We take advantage of the power of the sun in the most effective way!

Why do you need a photovoltaic panel system?

We help to accelerate the transition to clean energy by providing high-quality photovoltaic panel systems. Our vision is to be the go-to provider of sustainable energy solutions for customers seeking to reduce their environmental impact and increase their energy efficiency.

What is a walkable photovoltaic tile?

Floor®is a walkable photovoltaic tile which, thanks to a new technology patented by Invent, allows the installation of photovoltaic technology on floors. Thanks to this, the surface dedicated to the production of green energy expands and embraces previously unexplored places.

Solar Systems Hellas is one of the leading companies in the sector of Renewable Energy Sources in Greece. The object of the company is the marketing, storage and promotion of photovoltaic equipment for the construction and installation of Photovoltaic Parks and domestic Photovoltaic installations of any size.

Greek trade association HELAPCO expects Greece to add over 16GW of solar PV capacity by 2030. Image: HELAPCO. Things have never been better, and still, investors and PV companies see the glass ...
