The Electricity Authority of Cyprus (EAC) are the only power supply company on the island. The EAC website has information in English on domestic account details, metre reading, bill paying and more. Getting Connected to Mains Electricity Connecting to the electricity supply involves a visit to the nearest Electricity Authority customer service ...

Mobotix De-Centralized concept processes the images internally in the camera and can even hold the recordings on the built-in SD card as either a primary or failover storage media. Most Mobotix cameras consume only 3-5 Watts of power. Traditional cameras consume 5 times that and in addition require a power hungry NVR computer to process the images.
