Where can I buy a shipping container in Johannesburg?

So if you are interested in buying an as-is or converted container, please complete our online form or give us a call, and we will connect you with a leading container specialist in Johannesburg. A wide range of shipping containers are available for sale through the National Containers network of container companies.

What size shipping containers are available in South Africa?

The most common container size available in South Africa, these 20-foot units are easy to locate, secure, and perfect for protecting your possessions. Available in 20 ft & 40ft sizes, usually in Blue & Green, these shipping containers are as close to perfect as you will get in South Africa.

Does Almar offer container conversions in South Africa?

Almar Container Rental and Sales does not implement container conversions in South Africa but can point you in the right direction. If you anticipate any sudden changes in your business where you might no longer need a container, containers for sale may not be the ideal solution, in which case rather look at renting a container.

What is a second hand / used storage container?

Second hand / used containers are most commonly bought or rented as a static on-site storage solution. Cost-wise they are graded in descending order as per below: Refurbished containers are wind and watertight, in good condition with moderate dents. External primers and paint has been applied.
