We are committed to delivering products that not only entertain but also educate and inspire. Through creative play and learning, we hope to contribute to the growth and development of children, fostering a generation of individuals who are imaginative, inquisitive, and ready to embrace endless possibilities.

The State of Charge (SOC) is a measurement that indicates how much charge is left in the battery. A BMS continuously monitors the SOC to ensure that the battery is neither overcharged nor discharged too much, which can cause irreversible damage. By carefully managing the SOC, the BMS helps maximize the battery's life and capacity. ...
