

Which shipping container should I buy in Kuala Lumpur?

The most popular shipping containers are the 20FT, 40FT and 40FT High Cube (HC) variants. The 10FT container is unsuitable for transport and therefore is less common. For shipping containers in Kuala Lumpur we would advise to invest in 40FT or 40FT HC containers because of the great capacities. Read more about the weight and sizes on this page.

What is container house Malaysia?

Container house Malaysia is very well accepted especially for container retreat in outskirts in non-city area. Container house supplier in Malaysia normally carry out fabrication of recycled or second hand container units, do the cutting for windows and doors, install the fixtures and fittings before sending to construction site.
