

Lisbon new outdoor power supply price

Are there alternative electricity suppliers in Portugal?

EDP, Iberdrola or Endesa are the best known, but there are also alternative electricity suppliers. What is the price of electricity in Portugal? Who are the different Portuguese energy suppliers? How to open an electricity contract in Portugal?

How are electricity prices determined in Portugal?

Electricity prices in Portugal are determined by a variety of factors, including the cost of generating electricity, distribution costs, taxes, and government regulations. Currently, Portugal has one of the highest electricity prices in Europe, with prices for households and small businesses significantly above the EU average.

How to compare electricity and natural gas commercial offers in Portugal?

Compare the prices of electricity and natural gas commercial offers. ERSE's energy price comparison tool allows to simulate all commercial offers available to electricity (Normal Low Voltage) and natural gas consumers (Low Pressure) in mainland Portugal.

Who are the best electricity suppliers (Luz) in Portugal?

Historically the best-known supplier is EDP (Energia De Portugal), the equivalent of EDF in France, but there are many alternative operators in order to be able to compete and compare prices. Here is the full list and link of all electricity suppliers (Luz) in Portugal for the domestic market (link to their respective sites by clicking on it):

Why is electricity so expensive in Portugal?

Currently, Portugal has one of the highest electricity prices in Europe, with prices for households and small businesses significantly above the EU average. This is partly due to the country's heavy reliance on imported energy, which makes up around 65% of its energy consumption.

What is the cheapest electricity offer in Portugal?

To find the cheapest electricity in Portugal, we used the ERSE (Energy Services Regulatory Authority) simulator (excluding offers with conditions such as the mandatory hiring of additional services) and concluded that, currently, the cheapest electricity offer in Portugal is from Iberdrola.

Price . Portugal has one of the most expensive electricity in Europe. According to Eurostat data in 2019, the price of electricity in the European Union for individuals averaged EUR 0.2159 incl. taxes / kWh. Electricity prices for domestic consumption in the EU-27 were highest in Denmark (0.29 EUR per kWh) and lowest in Bulgaria (0.10 EUR per kWh).
