

## P71k portable power bank

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

Should you buy a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. These are available in many sizes and capacities and can include handy features like fast charging and extra ports.

How many devices can an anker laptop power bank charge?

The Anker Laptop Power Bank features 165W output, which means it can charge bigger, more power-hungry devices like a laptop just as effortlessly as it can juice up a phone or tablet. It can charge up to four devices and even comes with built-in cables.

What factors should you consider when choosing a power bank?

Another factor to consider is how quickly a power bank can charge your device. Battery output is measured in voltage and amperage. Amperage (or current) is the amount of electricity that flows from the battery to the connected device, while voltage is the amount of potential energy.

Is the Elecom nestout rugged power bank a canteen?

While it looks more like a canteen, the Elecom Nestout Rugged Power Bank is actually a rugged 15,000mAh battery. It features an IP67 rating, which means it is completely protected from dust and can withstand immersion in less than one meter of water. It has also been drop-tested using US military specs.

There's that PD or Power Delivery again - the PowerCore 10000 PD from Anker brings with it the same 18W fast charging as the Mophie model above, and the same choice of USB-C and USB-A ports.

In fact, the Ugreen 48000mAh 300W Portable Power Bank is the missing link between a laptop power bank and a full-blown power station. It has a huge battery capacity but is still portable with its carrying handle. Keep it powered up in case of power outages and it should keep your laptop and phone going for days. In our tests we recharged a 14 ...
