

Port Moresby high power energy storage machine price

What is Port Moresby power station?

The Port Moresby Power Station will provide reliable power to Port Moresby and is the lowest cost dedicated grid connected thermal generation in the country. Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG.

Will NiuPower Port Moresby power station save PNG?

"NiuPower is pleased and proud to have developed PNG's first ever dedicated grid-connected gas fired power station. Our customer, PNG Power Limited, are on record as saying that the NiuPower Port Moresby Power Station coming online will save them, and thus the nation, up to K100 million annually.

Why is electricity so important in remote areas of PNG?

Having a reliable electricity supply is essential for modern life and development. In remote areas of PNG this can be a challenge and it isn't always easy in town either. Lohberger engineering had its genesis in energy supply. We have been supplying electrical generation equipment since the company began in Port Moresby five decades ago.

What is Papua New Guinea's POM power station?

"POM Power Station has been a nation-building infrastructure project in Papua New Guinea that will transform the lives of those in the community. The recently completed project also achieved Zero Harm; this is an incredible accomplishment on a project of this scale in a challenging environment, and a credit to all involved." Clough, 2019.

How much does a gas-fired power plant cost in PNG?

Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG. The Project is designed to be capable of staged expansion to approximately 175 MW with the cost for the initial 58 MW plant being ~US\$100 million.
