

The S3K Series uninterruptible power supply protects against most severe power disturbances including over/under voltages through state of art, line-interactive technology - most power disturbance corrections are accomplished without transferring to the internal battery. Learn about Sola/Hevi-Duty S3K Series Mini-Tower UPS

The Eaton 93E UPS delivers superior power protection for ever-expanding loads in today's space constrained data centre's. Facilitating a lower total cost of ownership (TCO) through a combination of energy efficiency, high reliability and a compact footprint the 93E is an ideal solution for small to medium sized data Centre's and other applications desiring highly ...

There must be zero single points of failure in a Tier 4 data centre with redundancies for every process, including the UPS (uninterruptible power supply). This is achieved by implementing a critical infrastructure with a minimum redundancy configuration of N+N (distributed redundant) or better still 2N+1, whereby there is two times the amount ...
