

There are outdoor power supplies for sale in Montenegro

What are the different types of power plugs in Montenegro?

In Montenegro, there are two main types of power plugs and outlets: Type C and Type F. Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs. Mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E or Type F plugs.

What type of power socket is used in Montenegro?

The power sockets in Montenegro are of type F. The standard voltage is 230 V at a frequency of 50 Hz. You need a power plug (travel) adapter in Montenegro.

Can I use a plug in Montenegro?

This plug type is commonly found in many European countries, so if you have a device with a type F plug, you should be able to use it in Montenegro without any issues. If you are traveling to Montenegro with a device that uses a different plug type, you will need to bring a travel adapter.

Where can I buy a travel adapter for Montenegro?

You'll be redirected to Amazon where you can easily order the adapter. Montenegro's stunning Adriatic coast and rugged mountains use type C and F outlets. As these differ from US outlets, a travel adapter is essential for your Montenegrin adventure. Type C outlets also work with type C and F plugs. Type F outlets also work with type C and E plugs.

What voltage is used in Montenegro?

In Montenegro, power plugs and sockets (outlets) of type F are used. The standard voltage is 230 V at a frequency of 50 Hz. Montenegro is a stunning Balkan country known for its dramatic coastline, towering mountains, and crystal-clear waters.

Do I need a power adapter for Montenegro?

If the plug shape in Montenegro is different to your home country you might need to get a travel adapter. It's always worth doing a little bit of research before your trip, or you could find yourself unable to charge your phone or use other appliances. Do I need a power converter for Montenegro?
