

# Asian container generator manufacturers

What is a high-quality generator made in China?

If you're looking for a high-quality generator that is Chinese-made, then Yamaha might be your best bet. They have a high standing in the public and private eye and produce some of the best generators in the world.

Who makes diesel gensets?

Karlier Power owns the modern diesel genset's production scope covering an area of 15,000 square meters, with an assembly workshop of 10,000 square meters. Karlier Power devoted itself to research, manufacture and maintenance of famous diesel gensets in the past 15 years. Capacity from 2KW up to 2000KW.

What engines are used in Karlier generator sets?

Karlier generator sets are powered by domestic and foreign engines such as CUMMINS, PERKINS, YANMAR, KUBOTA, WEICHAI, FAWDE, etc., and are equipped with world-class technologies such as STAMDFORD, LEROY SOMER, M ARATHON, and independently developed patented permanent magnet generators to ensure excellent product quality.

CNMG is one of the most professional genset manufacturers and suppliers in China. All our products are with high quality and competitive price.

Shop containerised generators directly from the leading China manufacturer, supplier, and factory. Get reliable and efficient power solutions. Order now!

The Twin Power container solution is a container that combines two engine/alternator assemblies with/without CHP in a 40ft container, making it perfect for applications that require variable or continuous power. Because you have two generators on a single platform, you have the flexibility you need to meet a 100% load or even a smaller load.

Our generator range is backed by a manufacturer's comprehensive parts & labour warranty for peace of mind. We offer micro grid solutions which include generators that can synchronize together along with battery storage from our energy storage system range (EHR). The solution can be provided as a plug & play making it user friendly.
