Coffee and gold represent the main export products (respectively 25.9% and 25% of total exports), followed by tea (10.9%), with cigars also being one of the main exports (4.9%). To promote exports, the government has established various institutions to support the country's producers and exporters, including the Burundi Coffee Quality Institute.

Burundi imported products from all over the world in 2022 valued at USD 1.26 Billion. Compared to 2021, Burundi's exports increased by 28.41% year-on-year to \$981 Million. Burundi's Major Trading Partners. According to ...

× Burundi Thin Film Photovoltaic Market (2025-2031) | Industry, Growth, Companies, Trends, Segmentation, Outlook, Value, Analysis, Revenue, Forecast, Size & Share

In 2010-2015, the global cumulative PV installed capacity registered a CAGR of 41.6%, which brought rapid growth of PV glass consumption. In 2015, the global PV glass consumption attained 580 million square meters, up 44.4% year on year. The CAGR is expected to stay above 20% in 2016-2020.

Burundi is at high risk of external and overall debt distress. 1 One external debt burden indicator (the ratio of external debt service to exports) breaches its threshold under the baseline, signaling a high risk of external debt distress rating. The external debt indicators under the baseline fall below their thresholds in the medium term.

Burundi that were held from February 24-March 17, 2022, with follow-up discussions on May 27, 2022, and June 1, 2022, on economic developments and policies. Based ... momentum, with the associated higher import prices (food and fuel) and lower export prices (tea and coffee) and supply chain bottlenecks amplifying inflation pressures and ...

The debt service-to-exports ratio slightly and temporarily breaches the threshold. These projected developments are mostly due to Burundi's narrow export base and the relatively limited export potential at this time. In contrast, the PV of debt-to-GDP ratio, the PV of debt-to-revenues ratio, and the debt service-to-revenue ratio are

Burundi ranks 132nd in 2021, with Swaziland trumping its \$4.4 million with \$4.4 million. China, Germany, and France follow in 2nd, 3rd, and 4th place respectively. Meanwhile, Burundi's ...

Burundi Solar PV Glass Market (2025-2031) | Growth, Analysis, Trends, Forecast, Companies, Size & Revenue, Share, Competitive Landscape, Industry, Outlook, Segmentation, Value

Burundi had a total export of 207,868.67 in thousands of US\$ and total imports of 1,260,470.57 in thousands of US\$ leading to a negative trade balance of -1,052,601.90 in thousands of US\$ The Effectively Applied Tariff Weighted Average (customs duty) for Burundi is 9.18% and the Most Favored Nation (MFN) Weighted Average tariff is 16.75%.The ...

The performance ratio is one of the most important variables for evaluating the efficiency of a PV plant. Specifically, the performance ratio is the ratio of the actual and theoretically possible energy outputs. It is largely independent of the orientation of a PV plant and the incident solar irradiation on the PV plant. For this

Burundi imported products from all over the world in 2022 valued at USD 1.26 Billion. Compared to 2021, Burundi's exports increased by 28.41% year-on-year to \$981 Million. Burundi's exports to the world in 2022 are valued ...

The Chinese PV glass market enjoys a high concentration ratio, with CR5 of 66.3% in 2015. Among them, Xinyi Solar Holding Ltd. occupied the first place with a 26% share. In the future, following the capacity expansion of major PV glass manufacturers, the market concentration will be ... o China's PV Glass Export Volume and Growth Rate, 2013 ...

Burundi is at high risk of external and overall debt distress. 1. One external debt burden indicator (the ratio of external debt service to exports) breaches its threshold under the baseline, signaling a high risk of external debt distress rating. The external debt indicators under the baseline fall below their benchmarks in the medium term.

Burundi, the following documents have been released and are included in this package: o A Press Release summarizing the views of the Executive Board as expressed during its July 17, 2023 consideration of the staff report that concluded the 38-Month Arrangement under the Extended Credit Facility with Burundi.

Burundi Solar Photovoltaic (PV) Panels Market is expected to grow during 2023-2029 Burundi Solar Photovoltaic (PV) Panels Market (2024-2030) | Growth, Analysis, Trends, Companies, Value, Industry, Size & Revenue, Competitive Landscape, ...
