What type of power plug is used in Grenada?

In Grenada, the power plug sockets are of type G. The standard voltage is 230 V and the frequency is 50 Hz. A power plug adapter is needed if you're traveling from a country with a different plug type, such as Canada.

What is the supply voltage in Grenada?

In Grenada the supply voltage is 230V. If the appliance is a single voltage rated appliance, it will need to operate at the same voltage as the supply voltage of the country i.e. 230V. If this is not the case it should be used alongside a voltage transformer or converter to allow the appliance to work safely and properly.

What is the best portable power station?

“With its compact size, large capacity and numerous input and output options, The Greccell T-1000 is the best value portable power station.” “Greccell T-500 is the cost-effective power station that can stack up against the bigger brands. If you're on a strict budget, you won't go far wrong with the Greccell range.”
