

What is a prefabricated container house?

Prefabricated container house has simple structure, it can be installed on site quickly. It is easy to move and has long lifespan. Prefab container house also has characteristics of good air tightness, water tightness, wind resistance and shock resistance.

What is a mobile photovoltaic system?

That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container technology.

What is a folded solarcontainer?

Folded Solarcontainer is compact and easy to off-load and unload. By removing all outer structural parts we ensure total panels exposure (no shades) Solar panels lay flat on the ground. This position ensures maximum energy harvest. System ensures fast retraction time making it safe in all weather conditions.

How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany, the solar container can supply approx. 32 households with climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Folded Solarcontainer is compact and easy to off-load and unload. By removing all outer structural parts we ensure total panels exposure (no shades).

Customizable, eco-friendly, and low-maintenance, our container homes are perfect for sustainable living. Live off the grid and reduce your carbon footprint with a 40" Shipping Container Home with Solar Panels. Customizable, eco-friendly, and low-maintenance, our container homes are perfect for sustainable living.

Mobil-Grid®; 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant ... Very quick folding and unfolding in case of cyclonic conditions ... Weight of full container with PV and inverters : ...
