Enphase Energy Expands in Latin America with Launch of IQ8 Microinverters in Colombia, Panama, and Costa Rica PRESS RELEASE GlobeNewswire Jan. 9, 2025, 08:00 AM

FREMONT, Calif., Jan. 09, 2025 (GLOBE NEWSWIRE) -- Enphase Energy, Inc. NASDAQ:ENPH, a global energy technology company and the world's leading supplier of microinverter-based solar and battery systems, today announced that it is expanding in Latin America with the launch of IQ8P(TM) Microinverters...

All units installed in Colombia, Panama and Costa Rica come with a 20-year limited warranty. Enphase is collaborating with installers and distributors across Latin America.

Enphase Energy, Inc. ENPH recently launched its new IQ8P Microinverters, with a peak output of 480 Watts (W) Alternating Current (AC), for residential and commercial applications in Colombia ...

Enphase Energy, Inc. (), a supplier of microinverter-based solar and battery systems, Thursday said it has launched IQ8 Microinverters in Colombia, Panama, and Costa Rica. IQ8 Microinverters with peak output power of 480 W are designed to pair with a full range of solar modules up to 670 W DC.

Microinverters are often used as an alternative to string inverters to perform the DC to AC power conversion at solar panel level in residential photovoltaic systems. A solar micro inverter helps maximize energy yield and mitigate problems related to ...

Microinverters in Costa Rica

The IQ8P Microinverters are the most powerful microinverters available to date from Enphase. These microinverters feature a peak output power of 480 W and are designed to seamlessly pair with a full range of solar modules up to 670 W DC. All IQ8P Microinverters activated in Colombia, Panama, and Costa Rica come with a 20-year limited warranty.
