

# OPadP25 Portable Power Bank

What is a power bank?

A slew of terms are used to describe power banks, including portable batteries, portable chargers, external battery packs and even, somewhat confusingly, USB chargers, which is what wall chargers are often called.

Is the Anker power bank 25k a good portable charger?

While the Anker Power Bank 25K portable charger takes a long time to reach full capacity, it's incredibly long battery life makes it a worthy trade. We liked the retractable USB cable and display screen for the battery status, which we found to be very accurate.

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

How many devices can an Anker laptop power bank charge?

The Anker Laptop Power Bank features 165W output, which means it can charge bigger, more power-hungry devices like a laptop just as effortlessly as it can juice up a phone or tablet. It can charge up to four devices and even comes with built-in cables.

Which Anker power bank is best?

Anker's well known for its lineup of power solutions, so it comes at no surprise that the Anker Prime 27,650 mAh power bank is our favorite large capacity charger. With its generous battery, it's more than capable of charging small stuff like your phones and wearables -- but it's also powerful enough to charge laptops too.

Which power banks have pass-through charging?

Pass-through equipped power banks can charge devices while plugged into a wall charger -- a handy feature when you're in a hurry. Many power banks on this list have pass-through charging, including our top pick the Nestout 15,000mAh Outdoor Battery. Durability is a major factor in how brands design products for our use and abuse.

Having to say the brand name out loud aside, Cuktech makes an excellent power bank at the 20,000mAh power level. My favorite touch is the digital display that shows the total battery level but ...
