

# Tool Battery Purchase

What is a power tool battery?

A power tool battery is a type of rechargeable battery designed to power portable power tools. Our power tool batteries are designed to match or exceed the manufacturers requirements for these tools. Assembled from only high quality Japanese cells,these tool batteries will hold up to the worst conditions and continue to perform.

What type of battery is needed for a power tool?

These power tool batteries,such as the deep cycle lifepo4 12V 100ah,150AH,and 200Ah blue tooth lithium battery packs,are suitable for RVs,camping cars,motorhomes,and various power tools. They are High Quality Li-ion Cordless Drill Power Tool Batteries,and the 12V 1500mAh battery pack is compatible with a full range of 20V MAX tools,including DEWALT 20V batteries.

Should you use cordless tool batteries?

When using cordless tool batteries,it pays to plan ahead. Keep your battery properly charged and you can expect a long life. Most short runtime issues occur due to battery neglect,not failure. If you use your tool infrequently,be sure to charge the battery when you feel a slight decrease in power.

Can a battery be used with a specific tool?

Tool batteries can be used with tools of the same brand and battery series. A battery can be used with a specific toolif both the battery and the tool have the same voltage. Voltage describes the level of power the battery provides. Tools with lower-voltage batteries are lighter and more compact but less powerful than tools with higher-voltage batteries.

Where can I buy a cordless tool battery pack?
